

Health Outcomes Nutrition Assessment

A Training Series on VENA and Revision 8

We are preparing for the next segment of the Health Outcomes Based Nutrition Assessment Training Series. This training will be offered in Anchorage from September 17-September 19. This training will be for Coordinators and Preceptors. The focus will be on leadership, supervisory communication, and mentorship.

We are currently planning on the Coordinator of each local agency to attend. If you have additional professional staff who serve as preceptors to CPA trainees (this could include consultant dietitians) that you would like to have attend training, please let us know as soon as possible.

The training will be held at the same location as the spring training (the Westmark Hotel in Anchorage). The tentative schedule is as follows:

Wednesday, September 17	AKAWICC
Thursday, September 18	Leadership and Supervisor Communication Barbara Brown
Friday, September 19	A Fresh Look At Dietary Assessment Part II UAA Faculty
	Alaska State WIC updates
	AKAWICC

We will begin to work on travel arrangements in August, but will generally plan to bring people to Anchorage on Tuesday evening, September 16 and attempt to schedule flights back on Friday evening.

We will continue to keep you updated as we finalize details of the training conference. We look forward to seeing you in September!
